

## **Observation and Questions?**

- Describe what you see. Use quotes, photos, videos. Describe not interpretation.
- What are some of the consistent patterns in the child's behaviour?
- What is he/she good at? What does she enjoy?
- What can you say about their relationship with others?
- What does the child understand and know how to do?
- What is she/he exploring with, experimenting with or trying to figure out?
- How does this relate to your knowledge on theories of learning.
- What does he/she find frustrating?
- What does she/he feel about herself/himself?
- How does he/she approach learning – a growth-mind set or fixed mind set?
- How do the theories of learning help us to understand and support children's holistic development at Forest School?
